

# MENTAL HEALTH AND PSYCHOSOCIAL SUPPORT (MHPSS): ARE WE DOING THE RIGHT THINGS AND ARE WE DOING THEM RIGHT?

JOIN US!

26 January:

Cultural Adaptation of tools and methods

*"I feel like having cockroaches in my head"*

23 February:

Assessment

*"I feel like my needs are taken into account."*

30 March:

Monitoring and Evaluation

*"I feel my wellbeing has improved"*

27 April:

Research

*"I feel that I can trust the statistics."*

- Do you find it hard to adapt your services to the rapidly changing needs of your communities?
- Are you struggling to find contextually appropriate tools and methods to assess the needs of your communities or to measure the effects of your services?
- Are you not sure that your services are showing the desired effects?
- Are you wondering how implementation and research can fertilize each other?

Join our series of webinars to learn from practitioners on how to adapt, develop or use tools that help you make decisions to improve the efficiency and effectiveness of your MHPSS services.

**Time:** Each of the four Webinars is offered at two different timeslots with different translations. Choose the one that suits you:

08:30-10:00 CET in English with a translation to Arabic

16:30-18:00 CET in English with translations to French and Spanish

**Duration:** 90 Mins

**Audience:** MHPSS and M&E practitioners

**Methodology:** Interactive (panel presentation, chat, discussion)

**How to join:** Please register in advance for the meeting of your choice.
